Professional 2-stroke lawn edger

ideal for contractors, councils, schools, parks, cemeteries and heavy-duty work

The Atom Professional lawn edger can edge up to 90% faster compared to other edging devices, enabling the professional operator to edge and mow more lawns per day, saving time and money. It also uses up to 80% less fuel consumption compared with other full-size lawn edgers.

4-blade cutting system. Longest (271mm/10²/₃") hardened spring steel blades for smoother operation. Long life & neater cutting (patented)

The highly manoeuvrable wheelbarrow action means you can edge along curbs and gutters, around tight corners, garden plots, and by simply tilting the edger sideways you can edge up against tight walls and fences.

Bob Bailey

"The Atom Professional Edger provides a good quality edge which is easily and quickly achieved."

Bob Bailey

Principal, Commercial Grounds Care
