

**A water based concentrated liquid biocide for the control of bacteria, algae, moss and lichen on hard surfaces.**

*Aqueous solution of quaternary ammonium EC: 230 525 2*

- Application: Brush or spray.
- Dilute 1 part of **AlgoClear** to 10 / 12 parts of water.
- Apply at a rate of 1 litre of diluted product per 4 to 5 square metres of surface area.
- Can be used all year round. Results may be affected if rain occurs within 12 hours and at temperatures below 8°C.
- For use on all materials susceptible to contamination by bacteria, algae, lichen or moss.
- Not intended for use of moss treatment for lawn, flower beds or as algae treatment in pond water.

Harmful if swallowed. Causes burns. Very toxic to aquatic organisms. NO smoking! Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable protective clothing, gloves and eye/face protection. Avoid release to the environment. Refer to special instructions/safety data sheet.

Irritant
